

Tweedsmuir Camp Exhibition

Bulletin - 24: Meeting with the Ministry of Defence

9 February 2012

On the morning of 7 February 2012 we met with a representative of the Ministry of Defence (MoD). Our objective was to discuss the *Tweedsmuir Camp Exhibition* and how the MoD might become involved.

The meeting proved most successful, the outcome of which will add to the overall presentation of the final display.

We should like to thank the MoD for their hospitality and future links with the *Tweedsmuir Camp Exhibition*.

A recent proposal by the MoD was to close the car park on Hankley Common and provide alternative parking facilities on the Tweedsmuir site. The photographs on this page illustrate how the camp's western entrance has been cleared in preparation for this proposal, which has since been dropped.

Top photograph: Cross-overs, running west/east, constructed in June 1941.

Middle photograph: Remaining foundations of Motor Transport Garage constructed in the summer of 1941.

Bottom photograph: Remaining foundations of second Guard House constructed in the summer of 1943.
